

CAMINO DE SANTIAGO!

Private Cycling Tour

Portugal & Spain

May 19-29, 2022

Dear Friends,

When we started Hound Dog Cycling Adventures, we set our sights on offering our friends off-the beaten path cycling adventures through unique and beautiful areas.

We've hit the jackpot with this trip: Cycling the Camino de Santiago through Portugal and Spain. We'll ride along the stunning coastal route of the Way of St. James to Santiago de Compostela, one of the most important Christian pilgrimages during medieval times.

Along the way, we'll see charming seaside towns, sandy beaches, taste delicious seafood and wine, stay in fishing villages and experience the joy of exploring Europe from the seat of a bicycle. We'll even have a chance to meet hikers from around the world along the historic route.

On this trip, we welcome a private local guide and support crew who will help us maximize our experience. They'll be with us every pedal stroke of the way to show us the sites, share local lore, provide humor and of course, haul our gear to our top-notch accommodations. You're certain to feel a sense of accomplishment when we arrive at the Cathedral in Santiago, our final destination.

The travel experts at Executive Travel will handle all of our travel arrangements so we can relax and pedal, and enjoy the magnificent scenery and hospitality of this beautiful region.

We have only 18 spots on this trip, so don't delay. This unforgettable tour opportunity will sell out fast!

Sincerely,

Susan & Rich Rodenburg
Hound Dog Cycling Adventures

May 19, 2022 **Thursday**

We depart our hometown and take an overnight flight across the Atlantic to Porto. Enjoy in-flight entertainment and meal service as we start our European adventure. Meals served on board your international flight.

May 20, 2022 **Friday - Porto**

Arrive in Porto before noon. We will be met by our local English-speaking guide and head out for lunch at our favorite restaurant. Porto is an ancient port city, once an outpost of the Roman Empire, steeped in history and tradition. Located along the Douro River Valley in Northern Portugal, Porto is one of the oldest European cities and its historical center was proclaimed a World Heritage Site by UNESCO in 1996. There is a rich heritage dating from the Middle Ages to the beginning of the 20th Century. In the early afternoon, we arrive at our hotel to check in, unwind and relax. The evening is at leisure. B (on the plane) | L

May 21, 2022 **Saturday - Porto**

Enjoy breakfast at our hotel. The day will be spent in Porto, exploring the city on a guided tour that will lead you through the

art and tradition, such as the blue and white tiled churches, as well as some contemporary highlights including the bookstore that influenced J.K. Rowling's Harry Potter, and the magnificent Stock Exchange Market. The evening is free to enjoy this charming city - we are ready with recommendations for a delightful dinner. B

May 22, 2022 **Sunday - Porto - Esposende, 37 mi. (60 km)**

On this first day of cycling, we will enjoy the seaside landscapes and small "Portuguese Rivas" such as Póvoa de Varzim. This is one of the oldest fishing villages in Portugal with an ancient center, old fishermen district, beach districts, and an emerging contemporary east district. Póvoa is a hotspot for nightlife as well! The town of Vila do Conde became important in the 15th Century as a shipyard and played a role in the era of Portuguese discoveries, known as El Dorado. It has always had an ancient connection to the sea, as do all the coastal cities. The journey ends in Esposende, a seaside city located in the north. B

May 23, 2022 **Monday - Esposende - Caminha, 35 mi. (56 km)**

On the agenda today is Viana do Castelo,

another seaside city that was very strategic during the era of the Discoveries. During the 14th and 15th Centuries, it was here that the ships were built to sail to Brasil, India, Africa, and other Portuguese colonies. Final destination today will be Caminha, on the delta of the river Minho which became an important trading port early in the 14th Century, shipping wine to Britain and later importing products from Africa, India, and Brazil. Today, Caminha is known for its green rural landscape and pine forests clinging to the slopes of the granite mountains, which provide good hiking. The river estuary is good for boating and the beaches are popular. It's time for a swim! B

May 24, 2022 **Tuesday - Caminha - Bayona, 21 mi. (33 km)**

Today the route leads into Spanish territory, ending in Bayona. In the days of the famous voyages of Christopher Columbus, this was the first port to hear about the discovery of America and today a replica of the Pinta is permanently moored in the harbor. Apart from the sea landscape, you can also get lost in the old city center, made up of a tangle of inviting lanes, with a handful of 16th and 17th Century houses and chapels. There are quite a few churches and other small

buildings of architectural and historical interest, but Bayona's most prominent building is the Castelo de Monterreal, a castle on the edge of the town, providing excellent views of the town and the surrounding coastline from its elevated position. B

May 25, 2022

Wednesday - Bayona - Pontevedra, 36 mi. (57 km)

Today we will follow the route of the Vigo and pass by San Simon's Bay. Following then the coastline, Pontevedra will be the destination, with its abundance of natural beauty. It is a city built on a hill with some streets sloping downward to the Lérez River. The old city center is well preserved and contains numerous historic buildings and monuments. Pontevedra is proud of its cultural and natural heritage. Lots to enjoy today! B

May 26, 2022

Thursday - Pontevedra - Caldas Dos Reis, 16 mi. (26 km)

According to historical archives, the first inhabitants of Caldas Dos Reis were a pre-Roman community that lived from the hot springs of this territory and since the Middle Ages has been part of the pilgrim path to Santiago de Compostela. Apart from the rich cultural heritage, like Arcade,

Caldas de Reis is also known for its "empanadas" of lamprey and the traditional Spanish bread. Even today, the hot springs are a special tourist attraction. B

May 27, 2022

Friday - Caldas Dos Reis - Santiago de Compostela, 25 mi. (40 km)

This last cycling day will end in Santiago de Compostela and the end of our cycling pilgrimage. It does not matter whether or not you believe in the legend of St. James and value of the "pilgrimage", Santiago is one of Spain's finest cities. The cathedral of Santiago dominates the golden granite square with its Baroque towers, covered everywhere with ornamentation. The city is surrounded by the hilly, lush terrain of Galicia, dramatic coastal scenery, delicious seafood, fine local wines, and an easygoing ambiance. We are excited to welcome you to Santiago de Compostela! B

May 28, 2022

Saturday - Santiago de Compostela

We have the entire day to enjoy Santiago de Compostela. The city is not just the final point of the Camino de Santiago, it is a fantastic place to explore, wandering around its alleys and quaint granite streets. Soak in the city's vibrant atmosphere, or, as some Galicians say, Santiago is more

than a city, Santiago is a "big village". The city population is just around the 100,000 mark but with nearly 40,000 students settling here for the academic year (the city's university is one of the oldest in Europe, founded in 1495) and thousands of pilgrims walking into town every year, Santiago de Compostela gets a very special mix of people.

We will gather for a farewell dinner at our favorite local restaurant tonight. B | D

May 29, 2022

Sunday - Return home

All too soon, our journey has ended. Morning transfer to Santiago de Compostela's airport in plenty of time to check in for our flight and clear security. You may do some last minute shopping at the duty-free stores before boarding and flying west across the Atlantic Ocean, back to the United States. Arrival to Omaha airport tonight. B | Meals served on board your international flight.

Itinerary is subject to change.

B = Breakfast L = Lunch D = Dinner

- Tourist tax in Porto (approx. \$6 per person, the total for two nights) payable on the spot only

HOUND DOG
CYCLING ADVENTURES

The bikes provided on the tour!

The bikes used on this tour are Kross Trekking bikes with 24 gears with lights, rear rack, and one pannier bag.

If you have elected the electric bike option, the Kross Trekking bike is equipped with a conversion kit with battery. You will be amazed how an electric bike changes the difficulty level of the terrain. If you have booked an electric bike, a battery will be attached to the Kross Trekking bike. Electric bikes are offered for an additional supplement of \$175.00 and must be reserved at the time of registration. You are responsible for charging your bike battery each evening. **E-bikes are limited and offered on a “first-come, first-serve” basis.**

All bikes are equipped with pannier bags and a bike lock. Each traveler will receive a repair kit. It is required that you know how to fix a tire puncture on your own. Rich Rodenburg may be available to help with repairs if he is nearby.

Never leave your bike unattended. For damage other than a tire puncture, please contact the tour leader. Please do not have any repairs done on the rental bikes without the tour leader's consent. The bicycle always needs to be locked when unattended and the included Bike Protection (an additional \$100 for e-bikes) does not cover the theft of the bicycle while it is unlocked.

Shipping your own bike(s)!

We recommend that you utilize the bikes provided with your tour package, but should you wish to bring your own, please be aware of the following:

There is a limit of 2 bikes per airplane. The cost is estimated at \$150 per bike per way, (e-bikes or larger bikes may be charged differently). Please contact Executive Travel if you need further information.

You can also choose to ship your bike(s) in advance. www.flightbikes.com are partners of FedEx and offer their service and assistance, but prices may be as high as \$800 per way to ship your bike(s) to a European airport.

Minimum five business days are required for delivery to Porto airport and you should be aware that dropping off the bike for the return to the United States can be done during weekdays only (we return from Spain on a Sunday).

What can you expect for weather this time of the year?

The average temperature is 60 degrees. The average high is 67 and the average low is 52.
