With Women of the Midwest!

June 18-26, 2025

Dear Ladies,

I invite you to join me as we take off to explore the enchanting cities and natural beauty of Canada.

Together, we will discover Montreal with highlights such as Notre Dame Cathedral, St. Joseph's Oratory, and stunning views from the top of Mount Royal. We will travel by rail to bask in the distinctive French culture of romantic Quebec City, Canada's only walled city. We will explore quaint fishing villages, take in the mysterious atmosphere of a copper mine, and visit the historic Montmorency Falls.

But that is not all! We will travel along the banks of the St. Lawrence River, a route used by early French explorers and fur traders. We will visit Ottawa, 1,000 Islands, and Toronto.

Toronto is always fun, and our "grand finale" is Niagara Falls. Wow! The awe-inspiring thundering falls and a Niagara Falls boat tour will take your breath away.

Let's Travel Solo Together to Canada; I can't wait!

Yours in travel and adventure,

Traveling to Montreal

Our wonderful adventure begins as we fly to Montreal, where we will spend our first two nights. Upon arrival, we will meet with our local tour guide and transfer to our hotel. Although Montreal is one of the world's largest French-speaking cities, most residents are bilingual. Montreal hosted the 1976 Summer Olympics and played host to Expo 67, considered the most successful world's fair in the 20th Century. Welcome to Canada; welcome to Montreal! Check-in, relax, and unwind.

Touring Montreal

We will enjoy breakfast and then head out to explore Montreal. With its dual English and French cultures, Montreal is Canada's most cosmopolitan city. We will enjoy the highlights, including Notre Dame Cathedral, St. Joseph's Oratory, Jacques Cartier Square, McGill University, and take a panoramic view of the city from atop Mount Royal. The afternoon is yours to explore the quaint shops, boutiques, and restaurants of this amazing city. Tonight, we welcome you to dinner at a local restaurant in Old Town Montreal. Much later, off to bed for a good night's rest! B | D

Rail Journey - Quebec City

After a hearty breakfast, we board

VIA Rail Canada for the scenic and relaxing train ride to the "Paris of the North," Quebec City. Carved into the bluffs overlooking the St. Lawrence River, Quebec City is the provincial capital and probably the best-preserved city in North America; you will love it! Dinner is included this evening; the remainder of the night is yours to enjoy. B | D

Touring Quebec - Montmorency Falls Breakfast is served; a wonderful day awaits. Enjoy a Quebec city tour, introducing you to Old and New Quebec, North America's only walled city. The tour features the Plains of Abraham, the famous Le Chateau Frontenac, and the Citadel. Quebec City was once the center of New France and has been the focal point of French and British battles for generations. Here the residents are French Canadian, from their food and customs to their language and way of thinking. In the afternoon, we will visit the Albert Gilles Copper Museum to discover his creations, from copper ore to works of art. Discover the mysterious atmosphere of a copper mine, and see copper-bearing rocks. Another highlight today is visiting the historic Montmorency Falls, the highest falls in Eastern Canada, 98 feet higher than Niagara Falls. This is one of the most popular attractions in the region. The evening is for leisure to relax and enjoy more of this beautiful city. B

Traveling to Ottawa

After a filling breakfast, we will travel along the banks of the St. Lawrence River, a route used by early French explorers and fur traders, to Canada's stately capital city, Ottawa. The view is spectacular during this scenic drive. In the afternoon, we will take an Ottawa city tour to see the parliament buildings located high above the Ottawa River on the historic Parliament Hill, the Supreme Court, the Prime Minister's residence, the War Memorial, the Peace Tower, Byward Market, and Rideau Canal, which is filled with boats in the summer and ice skaters in the winter. If you haven't visited Ottawa before, you will fall in love with this city. B

1,000 Islands Cruise - Toronto

Breakfast is served, and we get ready to travel to the 1,000 Islands area, which comprises 1864 islands straddling the U.S.-Canadian border. Arrive in Kingston, where we will board our 1,000 Islands cruise to travel amongst some of the large, small, and tiny islands. Ohh, what a joy! Later, we will continue our journey toward Toronto, Canada's largest city and the fourth-largest economy in North America. We will check into our hotel for the night, and the remainder of the evening is yours to unwind. High above the city, Restaurant 360 completes a full rotation every 72 minutes giving guests the most stunning views.

Touring Toronto - Niagara Falls

After breakfast, we will enjoy a Toronto city tour featuring the modern downtown area, Yorkville, and the Provincial Parliament. Toronto, the capital of the province of Ontario, is along Lake Ontario's northern shore. It is a dynamic metropolis with a core of soaring skyscrapers, all dwarfed by the iconic, free-standing CN Tower. It is currently the tenth-tallest free-standing structure in the world and remains the tallest free-standing structure on land in the Western Hemisphere. In 1995, the CN Tower was declared one of the modern Seven Wonders of the World by the American Society of Civil Engineers. Later, we will visit Niagara-on-the-Lake, a charming Canadian town located where the Niagara River meets Lake Ontario. Lastly, we will travel to Niagara Falls and check into our hotel for a two-night stay on the Canadian side of the Falls. B

Niagara Falls

After a filling breakfast, we will take a Niagara Falls city tour featuring the Floral Clock and the Horticultural Center. The clock is the largest in the world and has a stunning clock-face made of 16,000 carpet-bedding plants, which are changed twice a

year. There is a tower at the back of the clock housing Westminster chimes that greet each quarter-hour. If the door into the tower is open, you can glimpse the clock mechanism and enjoy photographs that show the history of almost every face design all the way back to 1950. Later in the day, we will experience the legendary Niagara Falls Boat Tour. A breathtaking up-close encounter with the awe-inspiring thundering falls is unforgettable. Niagara Falls were created by glacier activity over 10,000 years ago, and the three waterfalls combine to produce the highest flow rate of any waterfall on Earth. Our farewell dinner tonight is at the world-famous Skylon Tower, which combines an exhilarating 52-second elevator ride with the awe of seeing Niagara from 775 feet above the mighty Falls. Enjoy, Ladies! B | D

Dinner With a View!

The Falls:

Collectively the waterfalls are named Niagara Falls. They consist of three different waterfalls. The American Falls and the Bridal Veil Falls in the United States, and the Canadian Horseshoe Falls.

The Niagara River serves as an International border.

The Canadian side is where you get gorgeous panoramas of both the American Falls and the mighty Horseshoe Falls, and it is definitely the more glamorous side of Niagara Falls; thus, our last two nights are spent on the Canadian side.

The water flows from streams and rivers that empty into the Great Lakes, from Lake Superior down through Niagara to Lake Ontario, then into the St. Lawrence River to the Atlantic Ocean.
